

**Teachers .....struggle to move our world forward.**

**They lead our children in school...They teach our children how... They are there with warm words of encouragement for our children when they struggle to learn... They provide a listening ear and a strong shoulder for many children who have difficulties with family relations ... *but what they strive to achieve at the end is a child who is prepared to go the next step in life be it work or higher education***

**These men and women are some of the members of Alaska PTA. Contact your key worker today about this charity. Your help will move our world forward.**
