

Mathnasium Online is an official sponsor of Alaska PTA

We are excited to announce that Mathnasium Online has become an official sponsor of Alaska PTA. Mathnasium is already a foundational partner with National PTA for the STEM + Families Initiative. In addition to this partnership, Mathnasium Online has reached out to Alaska PTA to more directly support our state initiatives and provide scholarship opportunities to students.

Welcome Mathnasium Online!

**We Know You'd Do
Anything for Your Children.**

At Mathnasium, we teach math in a way that makes sense. When math makes sense, kids want to do more of it, building their confidence and setting them on the fast track to math mastery!
